Re: Alves v. Affiliated, etc.; Case No. 16-CV-1593 (KMK/JCM)

Dear Judge Karas:

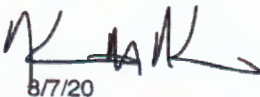

As you are aware, this office is counsel to Defendants. On August 5, 2020, the Court graciously endorsed my request for an extra day based upon Tropical Storm Isaias. I am embarrassed to say, but somehow notwithstanding that I did not have electrical problems on the 6<sup>th</sup> day of August, and have been up and diligently working to complete my task since before 7:30 a.m. on that day; while I am edging much closer, as of this writing I have yet to complete my efforts on my clients' behalf.

I reached out to your Chambers a few minutes ago with this upsetting and unprecedented (for me), turn of events; and it was suggested I request a further day's extension which I humbly pray his Honor to grant. Thankfully, I can offer that the dates presently set for Opposition and/or Reply would not be impacted thereby.

The Court is respectfully thanked in advance for its consideration hereof.

Granted.

So Ordered.

  
8/7/20

Respectfully submitted,

  
Steven Felsenfeld
